TO A.S.

(Previous notes need not be read)

The Government of India have incormed that they have decided to hold the fifth meeting of the Interim Mica Advisory Committee at Madras on the 20th and 21st instant. The Director of Industries and Commerce, Madras represents this Government on the Committee. India, require the following assistance in the matter;

(a) A place for holding the meeting;
(b) Residential accommodation for about 15 persons; and
(c) Four Reporters to report the proceedings.

Items (b) and (c): The Secretariat of Madras Legislature have no objection to accommodate the staff of the interim MicalAdvisory Committee numbering about 15 persons in the hostel for the members of the Legislature in the Government House on payment of usual rent and to spare the services of four of their Reporters on payment of charges for such special duties. The Government of India may be informed accordingly.

Item (a): As regards the place for holding the meeting it may be noted that the Rajaji Hall will not be available on those dates as it has already been reserved for the All India Conference of Social Work. The Director of Industries and Commerce who was consulted as to whether the meeting could not be held in his office states that it is not possible to do so and is unable to suggest any other place for the meeting. It does not appear practicable to provide a place for holding the meeting in the Secretariat Buildings except in the Legislative Chambers. The Council and Assembly chambers cannot be made available for the meeting, because the Hon'ble President and the Hon'ble Speaker are against the holding of any such meetings in the halls. The only course left open is either to arrange for the meeting in any one of the halls, like Masonic Hall, Museum Theatre etc., or rent a private building for the purpose. It should be possible for the Director of Industries and Commerce to make enquiries about this and fix up any place for holding and intimate to the Government. Subject to orders a draft D.O. is submmitteed for approved.

2. As already noted on above, the Director is a member of the Committee and he may also be asked to make necessary arrangements for holding the meeting and to render such assistan as is required by the Committee at Madras on those dates. For orders.
